Q® Series by Hexagon

Q® Series is the exclusive product line designed and manufactured for Hexagon Europe under its strict quality and performance requirements.

All Q® Series products provide high performance characteristics and are uniquely & exclusively supported by Hexagon's unmatched after sales service and support in combination with HAP Hexagon Analysis Programme.

Q® Vega White Oil Med 70

Description

Q® Vega White Oil Med 70 by Hexagon is a very high-quality medicinal white oil, manufactured from approved crude oils, according to the most up-to-date methods of production. It meets the latest European Pharmacopoeia requirements about aromatic polycyclic hydrocarbons, alkaline and acidic substances. It is extremely stable and highly inert.

Applications

Q® Vega White Oil Med 70 by Hexagon is recommended for use in applications where a food-grade white oil is required. It is suitable for food processing and bottling plants, cosmetics industries, plastic and general packaging, as well as general industrial applications where a pure white oil is required. It is available in a range of viscosity grades to cover any application requirement.

Advantages

- Colourless, Odorless and Flavorless..
- Inert and non-toxic to foodstuffs
- Good emulsifying properties.
- Excellent chemical stability

Performance Level

- European Pharmacopoeia Part II
- FDA 178.3620A
- 3H, H1, H3 – NSF Registration No. 164533
- HALAL Certification

Typical Characteristics

METHOD		
Product Name		**Q® Vega White Oil Med**
Density at 20°C, g/ml	ASTM D1298	0.865
Colour, Saybolt	ASTM D156	30
Kinematic Viscosity at 40 °C, cSt	ASTM D445	70
Kinematic Viscosity στους 100 °C, cSt	ASTM D445	9.2
Carbon type composition C/A % C/N % C/P %		 0 30 70
Flash Point, [COC], °C	ASTM D92	245
Pour Point, °C	ASTM D97	- 6

Q® Vega White Oil Med 70

Available Packages

Pail (16kg), Drum (180kg)

(For more available packages please contact your sales representative or the sales department)

Health and Safety

Avoid prolonged or repeated contact of used lubricants with skin. In case of skin contact wash well. Used lubricants should be collected in special containers and disposed of in accordance to local legislation. For additional information please consult with the Material Safety Data Sheet (SDS).

About Hexagon Europe

Hexagon Europe was founded in Greece in 1989. It is the exclusive distributor and marketer of the following brands in various territories and countries:
