MAK EXPERT
PAINT/GRAFFITI REMOVER - **MC800**

PRODUCT INFORMATION

MAK EXPERT is a professional aerosol product designed for removing old and unwanted paint on non-absorbent materials. Perfectly removes graffiti on buildings, traffic signs and painted surfaces. **MAK EXPERT** has a gel consistency, does not run off and thus improves efficiency in the required area. It does not contain formic acid or phenol.

• Typical Applications

- **Local Governments** – graffiti removal
- **Car Repair** – removal of silicone and polysulfide sealants
- **Engineering Industry** – clean off old safety signs, old floor coatings
- **Renovation Companie**s – removing paints, synthetic paints, epoxy paints
- **Construction Industry** – removal of sealants from glass
- **Plastics Industry** – cleaning of extruders, moulds and corrosion
- **Machine Repairs** – removal of paint and dried grease

• Beneficial Qualities

- Apply via Aerosol Spray Can (650 ml)
- Does NOT run off the application area
- Removes graffiti
- High efficiency and economical in use
